Started by Farmers

Times are tough enough without having to worry about who to trust with your workers' compensation insurance.

The New York Farm Bureau® Safety Group 486 was started by farmers who understood the need for safety, security, and competitive pricing. Since 1967 we have been providing just that. Our Safety Group 486 is a group of agricultural businesses; just like yours. With 20 agriculturally related class codes, we write a wide range of businesses.

Members of Safety Group 486 are eligible to receive a dividend each year. The dividend comes from money left over after the group has paid its losses and expenses for that period.

While membership in the New York Farm Bureau is required, NYFB Safety Group 486 is not funded by dues. We do charge a Group Managers' Fee to cover expenses.

For Farmers

Enjoy the security of knowing that your insurance is in the hands of an organization that knows and understands the needs of the agricultural community.
